COO CORNER

by ED MEYER
Chief Operating Officer

We are honored to be your lender of choice and take the responsibility of serving you very seriously. We strive to improve and do better with every interaction, every day. If your experience didn't meet your expectation or if there is something we can do to make your interactions with us more productive or enjoyable, we want to know. Please email our Client Services team at clientservices@chbef.com. Nearly everything we do starts and ends with you in mind and we want to make your CHB experience both positive and memorable.

Speaking of a better customer experience, we are working diligently to roll-out online account access later this year! Many of you have asked us for easy account information and we've been listening. CHB has found a solution that gives you real-time account access at your fingertips. More information to come later when we are ready to launch this new feature.

Signs of spring are all around and summer will be here before we know it. We look forward to longer days, sunny skies and open roads. Best wishes for safety and good health as travel season gears-up.

Thank you for trusting us with your equipment financing needs and we look forward to working with you in every season of your business.

WHY WYO

by KIT WEST
Business Development Director

Forever West. Where the West begins. Cowboy State. Windy Wyoming. There are a lot of ways to describe Wyoming. But perhaps the best way to understand this great state is to take a look at the Code of the West.

Each newsletter, I share with you a different Code. But it goes beyond a Code. Wyoming is a state of mind. Some might say it's a slower pace but we think it's a better pace.

We treat our customers like our neighbors. And out here, neighbors answer the phone when it rings. Neighbors say hello and have a conversation, even when they are busy. Neighbors take the time to get to know you, not just the numbers on your loan application. The saying "friendly neighbors" might just have come from Wyoming.

People ask "Why Wyoming?" I can tell you with confidence it's because Wyoming is more than a place, it's a state of mind. We are proudly Wyoming and proud to show you a better way of doing business.

We all need people who will give us

FEEDBACK.

That's how we improve.

Bill Gates

CHB CHATTER

featuring... PHILADELPHIA YEADON

I've been with CHB for 3 years in the Clients Service Department. Working with CHB has been a change for me as, most of my jobs have been fast paced and on my feet for long hours. The financial world has been a different experience for me. I've worked in many jobs from restaurants, motels, assistant meteorologist, store manager/training manager of Family Dollar and custodial work. I enjoyed doing all these jobs as I was able to be involved with people. I enjoy working with CHB due to my co-workers and the customers that I get to help on a daily bases.

In my spare time I love being with my two boys and my family, as I'm very family orientated. My oldest is going to be a Senior and youngest will be a Freshmen. I was born and raised in Wheatland. I love to bake and decorate cakes and want to open my own bakery in time. I enjoy being outdoors whether it is doing yard work, camping, fishing, hunting or just out exploring the mountains. I also love to take care of my many animals that I have that include dogs, rabbits, chickens, ducks, turkeys, pigs, goats and sheep.

SPECIAL HOLIDAY HOURS

Monday, May 31

we will be closed in honor of

MEMORIAL DAY

Celebrating those who made the ultimate sacrifice
